Re: **S/035/017: Little Cottonwood Granite Extraction Project**  
**LDS Church 2001 Annual Report of Mining Operations (Form MR-AR)**

In response to your Request for an Annual Report for Year 2001, please find the following enclosed:

- 2001 Annual Report of Mining Operations (Form MR-AR) dated December 21, 2001.

We have completed additional restoration re-vegetation as described in my letter of November 5, 2001. We will again monitor re-vegetation conditions in the Spring. We expect to remove all protective fencing and signs as the conditions permit.

I again wish to note that the three year period you are requiring for re-vegetation monitoring will be affected by the access activity coming from climbers and other canyon users of which the Church has no control. We are striving to comply with the intent of the DOGM requirement, but will expect consideration of this challenge to be fair to the conditions of the permit and closeout. We have already incurred additional work and expense as a result of damage done on the site by others.

I trust that this will satisfy your request and the requirement for our annual report.

We appreciate your support of the project. Thank you.

My Best,

A handwritten signature in blue ink, appearing to read 'Kerry B. Nielsen', with a horizontal line extending to the right.

Kerry B. Nielsen, A.I.A.  
Project Manager
